✓ SKIN DISEASES.

By G. A. Ward, ✓ M.D.

This film is used to illustrate the most serious of infectious diseases which beauty culture students may come in contact with. Students are thoroughly instructed in the nature of these diseases and are shown how they can be instantly detected and therefore avoid contagion. The lectures are by prominent physicians and the film is used for educational purposes only and not for resale.

This document is from the Library of Congress  
“Motion Picture Copyright Descriptions Collection,  
1912-1977”

Collections Summary:

The Motion Picture Copyright Descriptions Collection, Class L and Class M, consists of forms, abstracts, plot summaries, dialogue and continuity scripts, press kits, publicity and other material, submitted for the purpose of enabling descriptive cataloging for motion picture photoplays registered with the United States Copyright Office under Class L and Class M from 1912-1977.
